

ABOUT US

Sakarya Printing and Packaging, which has been operating in Trabzon, Turkey since 1983, is proud of providing fast and quality service to its customers by using modern technologies. Since its establishment, our company has been acting with the principle of providing the best service and quality by meeting the needs and demands of its customers. Maximizing its quality and production potential, Sakarya Printing and Packaging started to serve the surrounding regions and abroad over time. It is among the leading companies in the region with its integrated printing and production facility in a closed area of 2800 square meters, built on an area of 7200 square meters in Organized Industrial Zone Arsin, Trabzon. Our company, which provides service with a wide range of products from catalog to boxes, increases customer satisfaction with its design and customer service team in its sales and distribution center in Trabzon.

MISSION - VISION

Our Vision: To share the happiness of the healthy and successful growth of the Sakarya family in a friendly environment where we work professionally with an amateur spirit.

Our Mission: While investing maximum added value by using modern technologies in the most efficient way, our mission is to represent our country in the best way domestically and abroad with our contribution to the economy, sensitivity to the environment, respect for social values as a whole with our employees, by keeping the total quality understanding in the foreground.

OUR ENVIRONMENT POLICY

- Our environmental policy is to determine the environmental dimensions of our activities and products and to minimize their effects by complying with the legislation in our country.
- To show efforts whenever possible for its recycling and being reused.
- To decrease the pollution that have been caused and to ensure the disposal of our dangerous waste by having its environmental impact minimized.
- To raise awareness in our suppliers in terms of the environmental dimensions of the goods and services provided by them.
- To continuously improve our environmental management system in light of these principles.

OUR QUALITY POLICY

By making use of our resources, workforce, existing machinery, and equipment in the best way possible, we have adopted a Quality Policy and committed to applying:

- To act in compliance with the national laws and the laws of the countries where it works
- To comply with the legislation in our country and Codex Alimentarius principles by providing the hygienic conditions which are necessary for the production of food packaging
- To research and fulfill the needs, expectations, and demands of its customers
- To meet the training requirements needed by its employees to develop their skills
- To be respectful to the environment and society in the processes it realizes
- To continuously improve the Quality Management System with its products and services
